GOAL

I am looking forward to the opportunity to join the technology team, contributing my technical knowledge and committed to learning and growing continuously, while complementing my undergraduate studies in Information Systems. With a solid foundation at the beginning of my career, I aim to progress to take on increasingly challenging responsibilities and enhance my skills by working collaboratively with an experienced and dedicated team.

FORMATION

Colégio da Polícia Militar Tiradentes, Arapiraca

02.2018 - 11.2021

I have developed an objective and disciplined approach, always in pursuit of learning.

Instituto Federal de Alagoas, Arapiraca – *Information Systems*

03.2023 - 03.2027

In progress with a degree in Information Systems, I have dedicated myself to the in-depth study of programming languages, system analysis, and the development of technological solutions.

EXPERIENCE

Desenvolvedor Frontend, DIT- *núcleo de desenvolvimento e inovação tecnológica.*

04.2023 - Now

I collaborate with the development team, creating and enhancing user interfaces, ensuring that the experience is intuitive and appealing. I actively participate in team meetings, contributing ideas and solutions to potential technical challenges, and work collaboratively to achieve project objectives within established standards and deadlines.

PROJECTS

Colabora - DIT

I actively contribute to the COLLABORA project, an internal management web application. I excel in frontend development, using React.js with TypeScript, following the hexagonal architecture. Additionally, I am responsible for implementing unit tests to ensure code robustness, and I gain experience using Rest APIs. I use Docker to facilitate deployment and advocate for agile methodologies, especially SCRUM.

TECNOLOGIES

JavaScript - typescript - Git -

GitHub - Nodejs - ReactJs -

NextJs - CSS - HTML - RestAPI

COMPETENCIES

Proactiveness

Problem Resolution

Teamwork

Clear communication
